

Government Sporting Grant 2016/17

The PE and Sport Allocation is funding provided to schools in addition to main school funding. This funding can only be spent on the provision of PE and Sport in schools. The government is providing additional funding for the academic year 2016 to 2017 to improve provision of Physical Education (PE) and sport in primary schools. This funding is provided jointly by the Departments for Education, Health and Culture, Media and Sport.

Following the provision of the Government Sporting Grant, we are looking to improve our PE and Sports provision further.

Our aims in improving our current sporting provision are:

Aims (See PE and Sport Action Plan for further details):

- To make effective use of Sports Funding to improve outcomes for children in PE.
- To provide effective CPD for staff.
- To increase the number of children participating in intra and inter school competition.
- To increase numbers of children participating in extra-curricular sports clubs.
- To develop community sporting links.
- To develop leadership opportunities for children.
- To develop active, healthy lunchtimes.

| Proposed Spending (Budget: £8832) | Impact (To be completed on review) |
|--|--|
| Future Stars - Up-skill teachers, professional sportspeople as role models. <u>45% of budget</u> | <p><u>Key successes from 2016/17 year –</u> Young people’s participation in sport is tracked by school enabling the school to raise the numbers of children who are active. Opportunities are provided for less active young people to participate in physical activity. 22% of less active children that didn’t attend physical activity clubs last year now attend enthusiastically.</p> <p>A School Games Day was held to raise the profile of sport within school. A sporting calendar provides SEND children with opportunities to take part in competitions and meet individual sporting targets. Through additional coaching, they are more confident about competing alongside their peers. Sport is promoted through newsletters, website, social media, displays, cross-curricular opportunities, diverse sporting activities on offer, sporting clubs and competitions. This has enabled the school to notify parents and the local community of sporting achievements, whilst celebrating sporting success and encouraging the children’s commitment to sport. 2 hours of PE is timetabled weekly with additional extra-curricular provision, ensuring</p> |
| Future Stars Coaching lunchtime club for year x 3 lunchtime sessions a week – develop active, healthy lunchtimes, leadership and intra-school competition. <u>32% of budget</u> | |
| The Olympus Academy Trust membership/PE Association membership to centralise and organise inter-school sports, plus use of grounds and expertise. <u>5% of budget</u> | |
| New playground equipment <u>7% of budget</u> | |
| Equipment/team kits for new sporting clubs provided. Opportunities for school sporting teams to be developed. Sporting enrichment opportunities for all children, including Archery and Fencing. Sporting festivals hosted at St Chad’s. <u>11% of budget</u> | |

children are regularly active and have the opportunity to develop their sporting skills. 76% of KS2 children are participating in sporting clubs.

Talented young sports people are provided with opportunities to develop their sporting potential. Some children have been selected to represent the county in Archery and Rugby based on provision provided this year and the development of community club links. Some of our cross country runners have also achieved high levels of success and were invited to open the South Gloucestershire Festival of Youth Sport in front of more than 800 people.

Intra-school competitions have been delivered in school every term for every child so 100% of children have been involved in intra-school (level 1) competition at least 6 times a year. Some of the sports include Archery, Athletics, Gymnastics, Fencing, Dodgeball, Water polo, Dance, Hockey, Rounders, Rugby and Cross-country.

53% of children have been involved in inter-school competition. Competitions have included Archery, Athletics, Futsal, Boccia, Multi-skills, Rugby, Cross Country and trampolining. 4 'B' teams and 4 'C' teams have competed in Archery, Futsal, Cross country and Rugby-union.

Membership with the Olympus Academy Trust has enabled more opportunities to be provided and children to experience success in sport, whilst competing in the local community.

Children are a lot more eager to represent the school in sport and are willing to compete in new sports as they understand that they are able to transfer skills from other sports.

53% of children have been involved in sporting leadership (an increase of 16% from 2015-16).

Children are involved in planning school games activity.

8 community links have been developed through sport – Gordano Archers, Aretians RFC, North Bristol RFC, Future Stars, Amy Thomas (Dance), Total coaching, Go Active Fencing and ConfiDance, Patchway. Due to this, enrichment days and additional sports lessons have been provided. Celebration sporting days/weeks have taken place, including Sports Week.

Sports coaches are used to support school sport and teacher/wider school staff training. This has improved teaching standards and confidence, resulting in a rise in the children's sporting ability.

|--|--|
| | <p>Lunchtimes have become more active through the use of the funding to pay for sports coaches to come in and deliver lunchtime sports clubs. 53% of children have benefitted from more structured, active lunchtime club provision delivered by the sports coaches themselves. The school have also paid for additional coaches to lead our sports working party and plan leadership activities during the lunch hour. Children are supervised delivering the activities on 3/5 days and then are encouraged to become more independent on the other days and deliver these sessions to other children themselves. This has proven to be a very successful model and has used the funding effectively to engage children in sport, leadership and competition, whilst developing confidence and independence.</p> <p>The school have been awarded with the Gold school games mark for 2016/17 showing our continued commitment to sport! Previously, we have been awarded with Bronze and Silver marks.</p> <p>The profile of sport has continued to rise across the school and children are showing a love for sport. Staff continue to demonstrate increased confidence in teaching PE and Sport as a result of provision of exemplar planning, modelled progression and team teaching. Children are demonstrating improved sporting skills in lessons and extra-curricular clubs. The number of successes in sporting competitions both locally and further afield show that the use of funding to improve standards and outcomes for all children at St Chad's is being used well. The legacy for school sport has improved through continued upskilling of teachers and increasing children's enthusiasm for sport showing that the budget has been used effectively and with impact.</p> |

1) Future Stars.

St Chad's Primary will continue to work with Future Stars Coaching Ltd to revolutionise sport delivery.

Sports participation at St Chad's Primary will be so much more than just PE lessons, with every child in KS1 & KS2 having the opportunity, resources and guidance to be the very best they can be.

Selected curriculum PE lessons will be supported by two, fully-qualified sports coaches. The ratio will not only allow fantastic quality-of-delivery, but will also allow the existing primary school teachers to become actively involved in each session. This approach will see continued improvement of teacher/pupil monitoring & assessment as well as 'continuous

professional development' opportunities for the teacher. This will ensure pupils become physically literate, enabling them to access a lifelong participation in physical activity. Also, a wide variety of after school & lunchtime sports clubs will be available to the children throughout the academic year. Children will receive coaching sessions to learn increased leadership skills and Year 6 children will be trained to become Playworkers in the playground during breaktimes and lunchtimes.

Future Stars Clubs aren't only coaching sessions: Through 'club links' (local rugby, netball, football, gymnastics clubs, etc), children can be offered an accessible pathway in order to develop outside of the sessions. Children are also offered opportunities to participate in professional match day experiences. The school, teachers, children, parents and the sports coaches will all work together in order to maximise the potential of every participant to be the best they can be.

- 2) St Chad's have shared funding with schools in Bradley Stoke, Patchway and Filton to create a partnership with the aim of pooling best practice and creating local networks (**The Olympus Academy Trust**).

This will lead to:

- Development of new inter-school competition and wider sports opportunities.
- Further professional development for teachers, including the sharing of resources, working with specialist teachers from a local Secondary School and Networking opportunities for our PE leaders.
