

HOUSE OF COMMONS
LONDON SW1A 0AA

20 December 2018

Dear Regyna,

Thank you for welcoming me to your school, and for your impressive letter about schools funding.

Schools are incredibly important, and are an issue that I consider to be very important. Three of my children were educated in the local area, so I have seen first-hand the importance of good schools.

There is currently more money going into schools funding than there ever has been before. The Government has announced that a large sum of money for schools to spend on improving their facilities, showing that we are committed to improve every child's education.

The government has also introduced a fair funding formula to ensure that schools funding is distributed to where it is needed the most. Since earlier this year, funding has been directly based on schools' and pupils' needs rather than where the school is located or its history.

I believe that our schools are important as they are educating our country's future.

Thank you once again for welcoming me to visit your school, and I hope that I will be able to visit again in 2019.

Yours sincerely,

Jack
