

The STEM Factory

@ St Chad's CEVC
Primary School

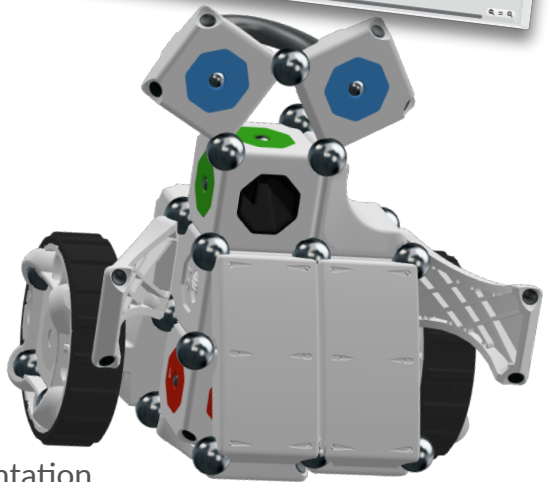

What: Coding with Robots
6, 1hr sessions

When: Tuesday, 15:30-16:30

Start date: 10/09/19

Who: Anyone in KS2

Price: £42.00

Learn about and develop your understanding of inputs, outputs and variables. Using this knowledge, combine programming and sensors to build a robot which can explore and react to its environment.

STEM skills covered: Experimentation, problem solving, computational thinking, debugging, collaboration & teamwork.
