### Parent and Pupil Remote Learning Surveys

Dear Parents / Carers,

What an incredibly busy, tricky and difficult term! I know talking to the teachers that they have really enjoyed seeing the children's work come flooding into their Google Classroom and Class Dojo accounts through the term. Thank you for the incredible work you have been doing to support the children at home.

As a school, we are always looking to develop to support our school community and progress learning for our children. It has been great to hear your feedback through the parent meetings that have taken place this week. Starting today, we are opening up two different surveys on Google Forms. One survey is for parents and the other survey is for the children to complete. Incorporating our school vision of 'Learning to Love, Loving to Learn', we always feel it is important to give our school community a voice and we endeavour to act on this feedback, if we are able to and it will support the children's learning and wellbeing.

The surveys should only take around five minutes to complete and we would really appreciate it if you are able to provide us with your thoughts. Please follow the instructions below to enable you to access the surveys.

To access the **parent survey**, please scan the QR code below using the camera function on a smart phone or tablet device and this will take you through to the form.

To access the **pupil survey**, please scan the QR code below using the camera function on a smart phone or tablet device and this will take you through to the form.

Thank you so much for taking the time to fill out the survey and we hope that you have a wonderful half term.

Kind Regards

James Ridd  
(Deputy Headteacher)
