

## **Early Years Provision From September 2021**

I have compiled a short list of bits and bobs that we would love to use within the Early Years provision from September. Please could you take a look and ask family/friends if they have any of these things that are unwanted or maybe they are able to get hold of them through links they may have.

- IKEA kallax oak effect
- Plastic crates
- Tins (bean tins or bigger!)
- Planks of wood (any length/size)
- Shopping baskets!
- Any kind of tubing (plastic)
- Wooden crates
- Natural baskets
- Guttering
- Photo frames (minus the glass!)
- Trellis
- Log slices
- Bike wheels

Any questions about any of these, please ask me! We are really excited to develop our indoor and outdoor provision and these things will help a great deal. I'm sure there will be more to come but this would be an amazing start.

Thank you all so much.

Mrs Player
