# Upcoming Webinars

## Supporting Children's Language Development

An introduction to language development and how parents can help their children when they have difficulties understanding and using language.

*Language development is all about the **words** your child is using and **sentences** they can say, as well as how well they **understand** what others say to them.*

*Ideal for parents with **EYFS** or **KS1** children*

### Current workshop dates:

Monday 27th September

9:30-11:30am

Monday 11th October 1-3pm

## Supporting Children's Speech Sound Development

An introduction to speech sound development and therapy activities for parents to use with their children when they have unclear speech

*Speech sound development is all about the sounds your child is using (their pronunciation).*

### Current workshop dates:

Wednesday 22nd September

1-3pm

Wednesday 13th October

9:30-11:30

# Narrated Powerpoints

## The Communication Pyramid

An overview of a simple SLT model of typical communication development from birth to competent communicators

*This resource is suitable for any professionals wishing to learn more about all the different aspects of communication and how communication skills develop*

## Understanding and answering questions (Mountains of Questions)

An overview of an SLT model which explains the typical developmental sequence in which children develop their understanding of questions

*This resource is suitable for any professional supporting students with difficulties understanding or using spoken language*

## Means, Reasons and Opportunities Model

An overview of an SLT model which explains how to ensure that children have reasons and opportunities to communicate throughout the day.

*This resource is suitable for any professional supporting students with significant language and communication difficulties*

**Please contact [Sirona.SLTTrainingTeam@nhs.net](mailto:Sirona.SLTTrainingTeam@nhs.net) to request copies of any of these narrated powerpoints**
