Dear Parents/Carers,

Fruit Kebab Making DT Project

As the final product for the end of our Patchway topic this term, we will be planning and making a healthy fruit kebab.

The children will understand how to prepare foods hygienically. They will also plan, design and make their fruit kebab to meet our specification. Finally, the children will evaluate their fruit kebab by thinking about what went well and what they could do to improve next time.

We will be taste testing fruit on Tuesday 12th October and making our healthy fruit kebabs on Wednesday 13th October. After they have been made, we will eat them altogether as part of our afternoon fruit break.

The foods that we will be providing to taste test and in order for the children to make their fruit kebabs includes: apples, grapes, bananas, oranges, peaches, strawberries, blueberries, tinned pineapple and pears. Please could you let me know if there are any allergies etc. with the foods that we will be using.

If you have any queries, please do not hesitate to get in contact.

We are looking forward to making our healthy fruit kebabs!

Miss Lester
