

Reminder: multiplication tables check IT guidance and parent leaflet

From the 2021/22 academic year it is statutory for all schools to administer the [multiplication tables check](#).

We have published [IT guidance](#) designed to help IT support staff who manage the school's ICT network prepare for check administration.

We have also published an [information for parents leaflet](#) schools can use with parents when explaining what the assessment is, how it will be carried out and why it is being introduced.

Steph Jenkins
Headteacher

St. Chad's Patchway CE VC Primary School
"Learning to love, loving to learn"
