**Re: Explorer Dome on Tuesday 12<sup>th</sup> July 2022**

**Dear Parents/Carers,**

Our end of year activity has been booked and we are all excited to be having a space explorer dome experience come into school. Our space experience will be on Tuesday 12<sup>th</sup> July. We will be having a space workshop for the duration of the morning inside the giant explorer dome which will take us on a journey all the way to space. The children will then be carrying out space themed activities during the afternoon; these will include activities such as rocket building and launching, making lava lamps and lots of other exciting activities. We will also have a picnic provided by school on the field with some ice lollies.

The cost of the Explorer Dome alone is £384 and the Friends have kindly made a substantial donation of £300 to allow us to pay for the afternoon activities, picnic and some of the Explorer Dome. We are asking that each child pays a voluntary contribution of £4 to cover the rest of the cost of the Explorer Dome. Please make this contribution and payment via Parentpay by Wednesday 6<sup>th</sup> July and also give permission for your child to take part.

As our end of year activity is based in school, children will have a normal lunch time so they will still be able to have school dinners if this is required. Your child is required to wear school uniform as we will still be in school. If the weather is hot, they will need a sun hat and sun cream (clearly labelled) that they can apply themselves. If it is raining, please ensure your child has a waterproof jacket (clearly labelled). In the event of wet weather, we will carry out the activities inside but we will be launching the rockets outside.

Kind regards

Miss Lewis, Mrs Player, Mrs Pryce and Miss Lester  
Reception, Year 1 and Year 2 class teachers
