Dear Parents / Carers,

10th May 2023

Reception Explorer Dome on Friday 23rd June 2023

Our end of year activity has been booked and we are all excited to be having the Explorer Dome experience come into school for Reception. Our space experience will be on Friday 23rd June. We will be having a space and light workshop for the duration of the morning inside the giant explorer dome, starting with the light workshop where we will explore shadows, fire, rainbows, night and day and then we will finish with the space workshop, which will take us on a journey all the way to space.

The cost of this experience is expensive so as a class we are going to run a fake it or bake it cake sale during the school day on Friday 26th May to raise money to ensure we keep the cost of this experience down. We will be asking parents to donate cakes for our cake sale. If you would like to donate any cakes for our cake sale, these can be either baked at home or bought from a shop and would be gratefully received. We will also be baking some cakes in class to sell.

We are asking for a £10 contribution per child to cover cost of the experience. If you are eligible for pupil premium, please contact the office as they can support with funding of this experience. Please go to Parentpay to make the contribution and give consent for your child to take part.

As our end of year activity is based in school and is only for the morning, children will have a normal lunch time so they will still be able to have school dinners if this is required.

Kind regards

Miss Lewis
Reception Teacher
